

PICTURE YOURSELF
AT **RUTGERS** FOR
GRADUATE SCHOOL

WHY RUTGERS

One of the nation's most
diverse public
research universities

Millions awarded in graduate
fellowships, grants,
and assistantships

Nationally recognized
mentoring and
professional development

A top 20 public university
with over 300 research centers
and institutes

At the hub of pharma, biotech,
and telecom industries

With nationally recognized programs in
STEM and Social Sciences,

THE SCHOOL OF GRADUATE STUDIES

trains students in all major disciplines,
teaching them the skills they'll need to produce
groundbreaking research and scholarship.

Steven Jones

"I chose Rutgers for graduate study because of the University's commitment to diversity and research excellence and because of my amazing mentor."

Melvili Cintron

"I couldn't have asked for a better place than Rutgers to grow as a scientist and a person."
